

Advisory Committee

Christiane Raab, Chair, Empa
Hosin "David" Lee, University of Iowa, Rita Moura Fortes, São Paulo Federal Institute, Waheed Uddin, University of Mississippi, Fwa Tien Fang, Nat. University of Singapore, Paulo Pereira, University do Minho, David Woodward, Ulster University, João Merighi, Federal Institute of Education Science and Technology of São Paulo, Wynand Steyn, University of Pretoria, Ezio Santagata, Politecnico di Torino, Mario Losa, University of Pisa, Omar Abd el Halim Abd el Halim, Carleton University, Ottawa

Topics

1. Advanced Trends in Design, Rehabilitation and Preservation
2. Full Scale Trials / Accelerated Pavement Testing
3. Sustainable Pavement Systems
4. Advanced Pavement Materials and Technologies
5. Surface Characteristics and Road Safety
6. Evaluation of Pavement Performance
7. Recycling and By-products
8. Management System / Life Cycle Analysis

Important Dates

Deadline for submission of abstracts	Friday, April 26 th , 2019 NEW
Acceptance of abstracts	Wednesday, May 15 th , 2019
Deadline for draft manuscripts	Friday, September 20 th , 2019
Acceptance of draft papers	Friday, January 10 th , 2020
Deadline for final manuscript	Friday, February 21 st , 2020
Acceptance of camera-ready papers	Friday, March 30 th , 2020
Deadline for registration of authors and early registration	Sunday, April 19 th , 2020
Start of Conference	Wednesday, July 1 st , 2020

9th International Conference on Maintenance and Rehabilitation of Pavements

July 1st – July 3rd 2020

Zurich, Switzerland

Second Announcement

Call for abstracts

Background and Objectives

The worldwide awareness of the sustainability of life and nature is indicative of an important role that civil infrastructures play in guaranteeing a sustainable life quality. Once an infrastructure is constructed its life-cycle demands a great effort in terms of maintenance and rehabilitation, in order not to jeopardize the initial investment in infrastructure assets and not to degrade surrounding and global environment. Thus, a new strategy in terms of research and development, through knowledge and its dissemination around the world, is being implemented with the support of a permanent organization, a technical and learned society – International Society for Maintenance and Rehabilitation of Transport Infrastructures (iSMARTi).

The iSMARTi was established in 2004 as a culmination of an internationally concerted effort among researchers and practitioners actively engaged in maintaining and rehabilitating transportation Infrastructures. The main objective of iSMARTi is to promote the exchange of advanced knowledge and practical experiences among infrastructure engineering and management professionals. <http://www.ismarti.org/>. In this context the organization of Symposiums and Conferences are an important activity.

The Laboratory for Road Engineering and Sealing Components of the Swiss Federal Laboratories for Materials Science and Technology (Empa) is very pleased to announce the **9th International Conference on Maintenance and Rehabilitation of Pavements (MAIREPAV9)** which will be held in Zurich, **1 - 3 July 2020**.

All topics related to maintenance and rehabilitation of pavements are welcome

Conference Chair

Chair: Prof. Dr. Christiane Raab, Empa, Dübendorf, Switzerland

Submission of Papers

Abstracts should clearly describe the scope, findings and practical benefit of the work and *not exceed 350 words*. Authors are requested to include names and affiliations as well as their address, telephone number, fax and e-mail addresses. Please identify clearly the name of the contact author.

Four key words of the paper should be indicated.

Correspondence, papers and presentations should be in English and units should be metric only.

Deadline for submission of abstracts is Friday, March 29th, 2019.

Abstracts should be written in Arial 10 and sent by e-mail or disk to the following address:

Secretariat Mairepav9_2020

Empa, Swiss Federal Laboratories for Materials Science and Technology,

Überlandstrasse 129,

8600 Dübendorf, Switzerland

Tel: +41 58 765 11 11, Fax: +41 58 765 11 22;

e-mail: mairepav9@empa.ch

Review and Editorial

All abstracts and papers will be peer reviewed by members of the scientific committee. After acceptance of their abstracts, authors will receive detailed instructions for preparation of the manuscripts in a suitable word-processor format. The authors are requested to follow strictly these instructions which will also be provided on the website. After review by the member of the scientific committee and acceptance by the Advisory Committee, the authors will be requested to submit the final version of their papers. Final acceptance will be based on the final paper and signing of the copyright agreement as well as registration and payment of the registration fees for the Conference. Each paper accepted is expected to be presented.
