

The Empa-Akademie – the place for successful events

EMPA-AKADEMIE – THE PERFECT VENUE

Are you planning a function, professional course, general meeting, conference, seminar or a similar event and need a well-equipped venue?

Then look no further than Empa-Akademie. Our venue features state-of-the-art infrastructure.

Here are just some of the benefits of Empa-Akademie:

- The function room can be flexibly divided into areas of different sizes, and seating can be arranged to suit the nature of your event.
- The foyer and a spacious side room can be used for a coffee break, lunch or drinks reception – and can also be used in combination with an exhibition.
- Empa-Akademie is in a central location with good public transport connections.
- SV (Schweiz) AG is on hand to provide refreshments for your guests. SV offers a wide range of healthy catering options that can be selected according to your wishes.

Take advantage of our professional team's experience and expertise, and the benefits of a well-equipped venue.

Our motivated team would be happy to assist you with planning your event and looks forward to receiving your inquiry.

Arrange a visit or a personal consultation today and lay the foundations for a successful event.

COMMENTS

We have been holding our symposium at the Empa-Akademie for 13 years because of the excellent architecture of the space and the perfect acoustics. It is easy to get to by private and public transport. And the "affordable" Hotel Sonntal is within walking distance for overnight stays.

Dr Armin Ziegler, Ziegler Consultants

The Empa-Akademie is a fantastic venue and we will be happy to come back again in future.

Dr Christoph Quitmann, PSI

We greatly value the Empa-Akademie as a platform for the transfer of knowledge between research, development and practice. It is therefore the ideal partner for our main event, "Technology Days".

Isabella Friedrich, Swiss Engineering
